**TRANS-i TECHNOLOGIES PROUD RECIPIENT OF THE PRESTIGIOUS  
IT USERS AWARD**

Lima, PERU – Trans-i Technologies, Inc. is the proud recipient of the 2004 IT Users Award. This award is presented annually by the IT Users Group Association of Peru. This group honors those technology companies who have made significant impacts in providing IT solutions that exceed the standards of excellence set forth by this prestigious group. Trans-i is recognized for its contribution to the terminal application employed by P&O Ports North America, Inc. at its Napoleon Avenue Container Terminal - Port of New Orleans – considered the most technologically advanced terminal in the United States.

Gregory Bellows, CEO of Trans-i Technologies, was present to accept this award on behalf of his organization. “We are very honored to receive the acknowledgement of this distinguished group. Trans-i is dedicated to continuous improvement in the development and deployment of state of the art technology supporting the maritime and transportation industry. This award could only be possible through the commitment, hard work and attitude of excellence of everyone in this company.”

**About Trans-i**

Trans-i Technologies is a recognized leader in providing world-class software solutions for the maritime shipping and transportation industry. With nearly two decades of experience, Trans-i provides powerful, integrated solutions to the marketplace through leadership in advanced technology and applications development. Trans-i also provides consulting services, IT outsourcing solutions, technical services and support. Some of Trans-i’s clients include Inchcape Shipping Services, Dole Foods, Totem Ocean Trailer Express, Compania Sud Americana De Vapores (CSAV) and Del Monte Fresh Produce.

Founded in 1996, the company is headquartered in Fort Lauderdale, Florida with Development Offices located in Lima, Peru. For more information – please visit [www.trans-i.com](http://www.trans-i.com)
