**Leading Carrier CSAV expands relationship with Trans-i
Strengthen partnership to deliver optimized Tariff Systems**

Fort Lauderdale, FLORIDA – To meet the industry’s demand, CSAV has expanded its range of solutions and Trans-i has clearly proven to provide the satisfaction needed to this valuable customer as Trans-i announced today the agreement signed to design and develop CSAV’s “Tariff System” to be deployed globally.

The latest Tariff System project was recently signed for the design and development of this new and improved suite, which will manage and support their entire tariff process. Trans-i will design and build this system covering all aspects from the ocean freight charges and assessorial to the lines’ account, which includes port charges, inlands, service contracts per volume, demurrage rates, and intermodal agreements, among others. This new Tariff System will allow the global agents, lines handled and clients to visualize integrated information while providing a real time and trustworthy tariff data base. The system is scheduled to go live next June, 2007.
